Accessing Online reports using SEQTA Engage (Last year this was called Parent Coneqt)

This year parents from PP to Yr 6 will be able set up their own username and password to access their child/children’s reports. If two email addresses have been provided, then both parents will receive their own link to create their own logon. Parents can also do their own password reset if required. Parents of Pre Kindy and Kindy children will not receive a logon (unless they have students in other year levels.)

Usernames and passwords from last year will no longer work. SEQTA have improved their system to allow parents to be able to reset their own passwords.

We will be sending out the emails next **Friday the 20th May** they will come from admin@hrs.wa.edu.au

To set up this account you will receive an email as shown below and will have 7 days to act on it. We suggest using a username that you will remember such as your email address or first.surname

Welcome to SEQTA Engage! Inbox

From admin@hrs.wa.edu.au

**Set up your SEQTA Engage account**

Hi Mr Abbott,

SEQTA School has created an account for you in SEQTA Engage. To get started, set up your account now:

This link will expire in one week.
