

Vision statement

Holy Rosary, Doubleview is a Catholic School founded on the Dominican tradition of truth, love and knowledge.

The school community values the dignity of each child and offers opportunities and challenges to help all students in reaching their potential.

Learning

Education is the cornerstone of teaching at Holy Rosary and we offer a diverse range of educational experiences to develop confident and ongoing learners.

- We implement current curriculum policies to ensure best practice in all areas of teaching and learning with informative and accurate reporting of each student's progress.
- We aim to continually improve and develop programs that enrich learning opportunities for children, including the specific areas of science, drama, problem solving and critical thinking.
- Our educational focus is systematically reviewed annually to ensure that all aspects of the curriculum are challenging and consistent with current teaching and learning practices.
- We strive to maintain and improve the positive partnerships we have with parents in recognition of the link between the home and the school community.

Engagement

At Holy Rosary we enhance our engagement with the community by:

- strengthening our communication with, and support of, children, parents and families in the school to better achieve faith-development, educational and social aims.
- constructively and creatively using electronic media to reach members of the community, while providing opportunities for feedback.
- improving the welcoming and respectful environment provided by staff and students in our school for all, regardless of their background.
- developing broader links with members of the local and wider Australian and international community, as opportunities arise.
- ensuring that the Catholic and Dominican ethos is represented in all interactions between the school and the wider community.

Accountability

Strong and effective Stewardship relies on acknowledgement of co-responsibility, transparent decision making, open communication, accessibility and equity.

At Holy Rosary we aim to maintain the highest levels of accountability by:

- inclusivity of all members of the school community embracing the benefits of diversity.
- good governance through fiscal discipline.
- an innovative mindset to ensure a dynamic learning environment.
- working within the framework of Catholic Education Commission (WA) policies to ensure engaging and challenging education.
- regular monitoring and reviewing of the performance of the school.

Discipleship

To promote and nurture our Catholic Identity we aim to:

- deepen our relationship with Jesus, brought to life through the Dominican tradition of truth, love and knowledge.
- provide the best opportunities for our students to grow spiritually and morally through the support and guidance of our Holy Rosary Catholic school community.
- demonstrate this through commitment to the vulnerable, poor and marginalized, a sign of our faith in action.

Holy Rosary School Board

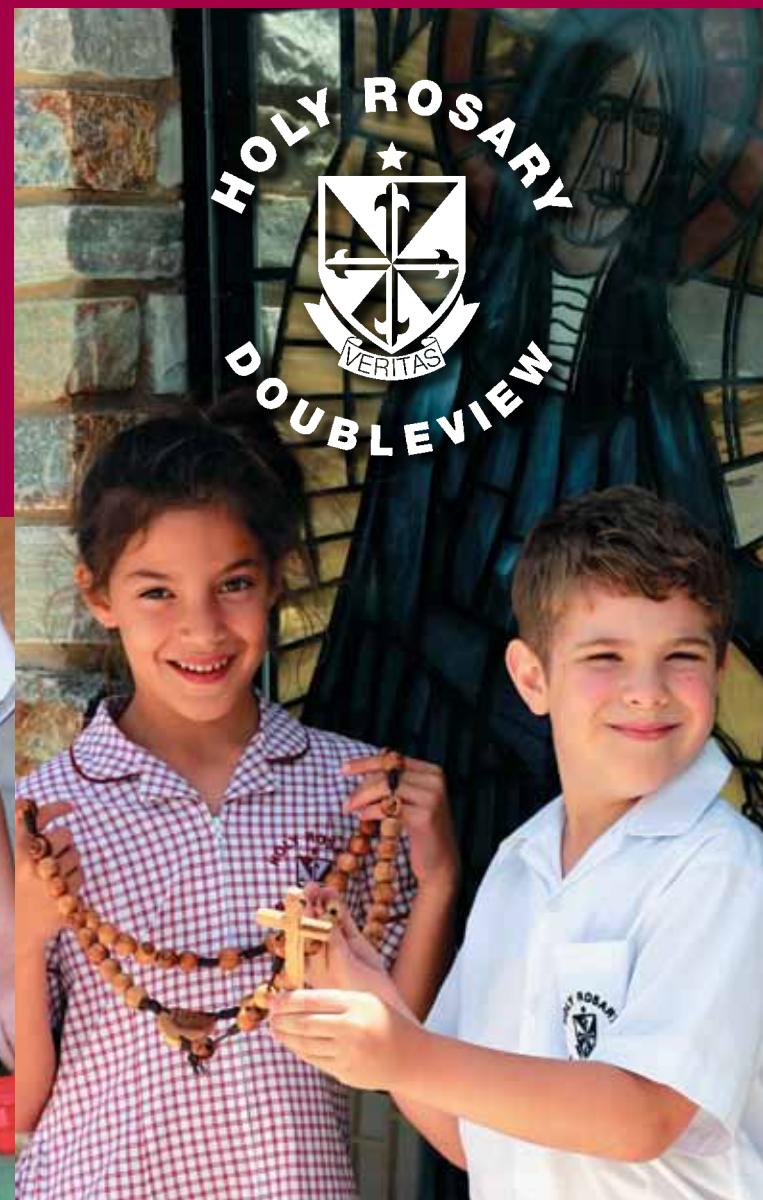

Throughout Holy Rosary's history, many things have changed.

The school has grown in size, teaching methods have evolved, and education has been constantly adapted to keep up with changes in society and technology. However, what has remained the same over the years are the fundamental values expressed in our school's vision – the focus on truth, love and knowledge and ensuring that each child is provided with opportunities and challenges to help them reach their full potential.

The Holy Rosary School Board's primary role is to plan for the present and future operations of the school. This strategic plan sets out our direction to meet present and future objectives while remaining faithful to the fundamental values and vision of the school.

Our strategic plan is based on the School Strategic Plan framework established by the Catholic Education Office for WA. Our overarching mission is to be a LEADing Catholic education provider that creates an environment to enhance learning, nurture young people and empower them to live the Catholic faith in the Spirit of Jesus Christ. The school's four key focus areas are **L**earning, **E**ngagement, **A**ccountability and **D**isciplineship (LEAD).

Through the initiatives outlined in this strategy, the Holy Rosary Board is committed to the continuous improvement of the school, while building strong foundations for the lives of our students.
