

HOMWORK POLICY

Homework is something to be seen as a positive and engaging experience. When embraced in this way, homework can enhance the learning experience.

The homework policy is set mindful of the importance of non-school activities (e.g., sport, dance, music) that children may be involved in, acknowledging that these activities too are important and enjoyable activities for children.

The purpose of homework is:

For students to engage with what is important in class for students to develop healthy study habits

We recommend the following times. They include plenty of opportunities to enjoy reading- to be read to, to read, to read to others.

Kindy	Play
Pre-Primary	Play (Reading 10 minutes as of Term 2)
Years 1–2	25 minutes- reading, sight words
Years 3–6	30 minutes- reading and maths

Homework is the responsibility of the students and parents and will be modified where necessary.

Homework is set only from Monday to Thursdays.

Homework will not be set for children who are sick or away on holiday. For these children we suggest

- a) reading
- b) journal writing
- c) practical mathematics e.g., kilometres travelled
- d) Mathletics
- e) Literacy Planet

Your Involvement

1. To support their child by being involved in their homework.
2. Providing an area where the child feels comfortable.
3. To provide equipment – e.g., pencils, separate to what the child has at school.
4. To sign the student's homework upon completion each week

Teachers will check for parent's signature on the student's homework regularly

Homework Policy reviewed December 2021- Next review, February 2025
